Every Citizen of Monitor, Kirriemuir and Compeer, should be proud of the fact.
A Record that will be written in letters of Gold in the history of the Empire.

An Event Superlative

On Friday, December 5th, the Monitor Citizens Band is giving a dance in the B. Hall, for the purpose of raising a little money with which to buy some much needed music, and some repairs for the instruments. This is a very worth institution to support citizens, and by being present you will show your appreciation of the boys' effort to keep things going here in the brightest little town God ever made.

This dance is to be in the nature of a Hard time dance. No costumes are necessary — just put on the worst looking rags you have (you'll be fined if you don't) and get out on the floor with the rest. If you want to wear a mask, you may — there's all kinds of masks at the Drug store — but this is not compulsory. The band-boys themselves are giving the prizes.

The time is a good one, the music the best, lots to eat and a good time guaranteed. Come.

Creek Valley News

(Too late for last week)
Mrs. T. Harley officiated at the organ last Sunday, and hopes to do so frequently.

A Suggested address on Mesopotamia did not materialize. It is hoped that one of the elder members will give a few minutes on some Biblical subject.

Several kinds of hymn books are used, but a supply of Sunkey and Moody is being obtained.

The school break-up this year will take the form of a little dramatic play by the older children inside

Armistice Day Dance

Is Splendid Success

[intended for last week]

Armistice Day was very fittingly celebrated in Monitor. The 2 minute cessation was marked by the ringing of the fire bell and many private celebrations witnessed the momentous day. The dance given by the G.W.V.A. was well attended. During the evening Mr. L. O. Gould in a few well chosen words expressed the appreciation of the Monitor G. W. V. A. for the interest shown by the public, and extended a hearty welcome from the Veterans to farmers and others to use the Rest Room in the old Band Hall, which is now the local headquarters of the Veterans.

In the unavoidable absence of Col. P. J. Daly D.S.O. (through C. N. R. failure to make connections) the Rev. W. S. Wickenden B. A. conveyed the gallant Colonel's greetings to the Monitor G. W. V. A. and in a brief speech referred to the

greatness of the Event being commemorated on this first anniversary of the Armistice. Mr. Wickenden reminded the audience that Monitor was also commemorating the bonfire procession — and celebration — of last year and 'going over the top' in the 1918 Victory loan, which in spite of all obstacles was being repeated this year. Tremendous applause followed the announcement of Col. Daly that "Monitor was the leading district in all Alberta for the Victory Loan."

The Veterans desire to thank the G.W.V.A. Club for their active co-operation and help and all other ladies who furnished refreshments.

Controlling the Liquor Traffic

The most efficient method of controlling the liquor traffic with the object of eliminating the abuses and excesses which seem to be inseparable from it has long been the subject of agitation and legislation. Possibly no one question has resulted in the passage of a greater volume of legislative, the enactment of more restrictive laws, or the taking of more votes, than that of public control of the traffic in intoxicants. And notwithstanding it all, we are still far from having solved the problem in a satisfactory manner.

The outbreak of the Great War, and the imperative necessity imposed upon all nations of conserving their resources in man-power, productive capacity, and food supplies, led to the enactment as war measures of stronger restrictive measures than had ever before been generally acceptable to the masses of the people. Many ardent temperance reformers believed that these restrictive laws would be continued after the war, and that in a generation or two the blight of the liquor traffic would be an evil of the past.

It is now quite apparent that many of these restrictive laws will cease to function with the declaration of peace, which may be proclaimed for the British Empire before this article appears in print, and in any event cannot now be long delayed. One reform brought about by the war will, however, prove lasting; that is, the open bar with all its evils and open temptations, and its pernicious treating habit, has gone never to return.

Actual experience during the war has demonstrated that existing prohibitory legislation is not as conclusively prohibitive as the authors of such laws anticipated they would be. On the contrary, violations of the law are so numerous, and are so little regarded by the average person, that a condition of things has been brought about in all these Western Provinces which is little short of a scandal, and which is certainly detrimental to a proper respect for law and subversive of good morals.

In the United States, the people have declared for nation-wide prohibition of the sale, manufacture, importation and exportation of intoxicating liquors for beverage purposes. In Canada, on the other hand, we have no Dominion-wide law, nor at present does there seem much likelihood

of such a law being passed. For one thing, the Canadian Senate has shown very clearly that it will not give approval to such legislation, and the House of Commons has ever before it the attitude of Quebec, which is antagonistic to an absolutely prohibitory law.

Control and restriction of the liquor traffic in Canada continues, therefore, to be a subject for provincial action, supplemented by such Federal action to assist the provinces as the provinces by vote of their people may demand.

According to legislation passed at the recent special session of Parliament, the manufacture of liquor is prohibited, except for purposes of export, in those provinces which prohibit the sale. Furthermore, the importation of liquor into individual provinces can be made illegal if the legislature of a province asks by resolution that a plebiscite vote be taken by the Federal authorities within such province on the subject of importation, and a majority of the voters declare in favor of prohibiting such importation. But after peace is proclaimed, and until such a plebiscite is asked for and held and a verdict favorable to prohibition rendered, importation of liquor for personal use, but not for sale, will be perfectly legal in all Canadian provinces. Thus the prohibitions which have been in force under orders-in-council will cease with the proclamation of peace.

So long as importation into a province is legal, it is manifestly impossible for any provincial legislature or government to enforce prohibition of the liquor traffic. It can prohibit the sale of liquor, but that is all. And so long as importation is legally permitted existing abuses against which a large section of the people are complaining will continue. And at the best it will not be impossible to stop such importation for from six months to a year.

When such a plebiscite vote is eventually held in any province, and if the popular verdict should be to permit importation, then the provincial authorities will have to seriously consider whether it would not be better to provide for some form of regulated and controlled sale within the province, rather than leave the door left wide open to indiscriminate individual importation of liquor in unlimited quantities. Should the people of a province declare in favor of permitting importation, most thoughtful temperance advocates believe that some form of government dispensaries based on the mail order system, and patterned somewhat after the system which at one time was in vogue in Saskatchewan, should be established.

On the other hand, if the people declare against importation, then the utmost care must be exercised in the drafting of the most drastic kind of provincial laws to prevent a repetition of abuses which are now unfortunately so general.

Whatever the nature of the laws enacted, they must have back of them the force of a strong public opinion in order to prove effective and beneficial. In the last analysis it is the people who make the laws, and unless a law has the support of the people it will not be observed and cannot be enforced.

It's a shame the way some young widows break into the game again and don't give the maids a chance.

Some spinsters advance step by step until they become stepmothers.

A keen blade for every shave

If there's any pleasure to shaving, you get it in an AutoStop Razor. First, because there's always a sharp blade ready for use—a few turns on the stop brings it back to its professional keenness. Secondly, because there's no fussing with parts after shaving. And thirdly, because a simple adjustment makes it possible for you to shave as closely or as lightly as you wish.

From first to last, "sharpening, shaving and cleaning, you never need to remove the blade from the razor."

Kill the Germs of Catarrh

By Acting To-day You Can Quickly Avoid Catarrh and Avoid Bronchitis, Per-haps Consumption

Most Agreeable and Surest Cure Is Catarrhazone, Which Cures Every Curable Case

Catarrhazone proves especially good in those chronic cases where mucous drops down the throat, sickness the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths through the nasal are needed to clear the passages, and where there is coughing and sore bronchial tubes, the soothing, healing properties of Catarrhazone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhazone at work you can be cured of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

The complete \$1.00 Outfit of Catarrhazone is sufficient for two months' treatment, and is guaranteed. Smaller size, 50¢, at all dealers, or the Catarrhazone Co., Kingston, Ont.

Western Canada's 1919 Crop

While exact figures are not yet obtainable, wheat authorities now seem to be conforming to the general opinion that Canada's total yield of wheat this year will be 248,000,000 bushels, as compared with 189,000,000 bushels last year. Of this crop, the share of the Western Provinces is 166,000,000 bushels, or over two-thirds of the total yield.

In addition, one of the most reliable sources in Canada has estimated that the West will produce 227,000,000 bushels of oats, 37,000,000 bushels of barley, 6,000,000 bushels of flax, and over 2,000,000 bushels of rye.

Dead men tell no tales; but they sometimes leave large quantities of unpublished manuscript.

W. N. U. 1290

A Remarkable Record

In the five and a half years that elapsed since the Saskatchewan Agricultural Co-operative Association Act came into operation, 465 co-operative associations have been registered. This is a remarkable record. On October 29, Saskatchewan Co-operative Creameries Limited will begin to operate poultry killing stations at Regina and Saskatoon, where chickens, turkeys, ducks and geese may be marketed. This system of co-operative marketing has achieved much success in former years.

HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill-nourished, it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers, it is a duty you owe the future to keep your little ones well now. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elginburg, Ont., writes: "I have a fine healthy boy three years, and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A variety stage transforms an actress into an artist.

Hope for the Chronic Dyspeptic. Through lack of consideration of the body's needs, many persons allow disorders of the digestive apparatus to endure until they become chronic, filling days and nights with suffering. To these, a course of Earle's Vegetable Pills is recommended as a sure and speedy way to regain health. These pills are specially compounded to combat dyspepsia and the many ills that follow in its train, and they are successful always.

Some people save a lot of money by not buying soap.

EDITOR AND PUBLISHER

Monitor FRIDAY NOVEMBER 21 1919 Alberta

As The Cream Is, So Will the Butter Be

It has long been a complaint amongst farmers that in selling butter, good butter cannot be sold for any higher price than poor butter. There is no law to compel storekeepers to grade butter.

Good cream makes good butter and poor cream poor butter, all other things being equal. Under the law lately passed by the Legislature of Alberta, the farmer who takes care of his cream and sells it in good condition receives his reward. By this law, cream which contains up to four tenths of one per cent acidity grades No 1, while any cream which is butter, stale, musty, metallic or otherwise unclean in flavor and contains greater than four tenths of one per cent acidity, grades No 2. Here, then, is where an old grievance is done away with.

Take care of your cream and it will grade special. Let Ferguson handle it for you and receive all there is in it. Honest weight, correct test and top market price. Subscribe to the News, and read Fergusons ads.

ALERT ALTARIO

Armistice Day was celebrated by our little burg assembling for a social evening in the schoolhouse. A Chicken supper was served from 6 to 8 followed by a short musical program. A feature of the evening was the childrens' expression of good luck to Mr. Seabury. An enjoyable dance followed and the evening was a great success. We hear the sum raised was about \$50.00.

Despite the blizzard weather the few who attended at the Hospital auction sale did wonderfully well, when the sum of \$492.00 was raised. A barrel of salt refused to be got rid of, and was sold and re-sold amid much amusement. The ladies served tea and coffee in the Pool hall after the sale and everyone felt gratified at the success of event.

Excellent attendance at Church on Sunday evening. A tribute to our popular pastor.

A regular coal famine was experienced here last week, everyone was either begging, or borrowing fuel.

To Our Readers And Subscribers

Dear Friends:

Owing to the steadily advancing price of materials necessary to the publication of a newspaper, and to carry on the business as a whole, to say nothing of the continued high cost of living, we find it absolutely necessary to raise the subscription price of the Monitor News to \$1.50 per year.

For four years now the paper has been published at the price of one dollar, at a small loss to publishers; which loss has increased with increasing costs of materials. Rather than lower the standard which we are endeavoring to maintain we are asking this additional half dollar per annum so that we can keep Monitor on the map as she should be kept.

This change in price will not take effect until the new year of the paper, which is the first issue after December 12th. On and after that date, new subscriptions and renewals will be \$1.50 for the coming year. We are confident that we will receive the support of the citizens of Monitor in our enterprise, for a district that can go six times over the top in a victory loan, in spite of no crops and poor feed conditions will not let their paper "go under" This paper is yours. Help to make it a success.

Please remember, then, that with Vol. 5, No 1, December 13 the price for a years subscription is \$1.50. Thank you.

The Church And Its Work

By The Rev. W. S. Wickenden, B.A., L.T.S. Rural Dean

To do the will of God is the desire of Christians. The Lord Jesus Christ taught Christians to pray "Thy Will be done" And He made known the Will of God. God's Will is that sinners should be forgiven and saved. The Lord Jesus throughout His ministry proclaimed, "Repent ye and believe the gospel." Repentance is shown by turning against sin and fighting against it, and belief of the gospel is shown by believing in the Lord Jesus Christ Who is theme of the gospel. The Will of God then is Salvation. "God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish but have everlasting life."

(To be continued.)

Are Your Bowels Stagnant? Have You Indigestion?

When a Quarter Will Buy You a Guaranteed Remedy, Why Not Use It Today?

Many a person carries around in their system a cesspool composed of half-digested, putrid, decaying food that the overloaded stomach can't get rid of because of constipation. No wonder that anaemia, blood rashes, headaches and rheumatism are so common. No better cure is known than DR. HAMILTON'S PILLS OF MANDRAKE AND BUTTERNUT. Taken at night, you're well next morning. They flush out the system, sweeten and tone the stomach, improve digestion, filter and purify the blood, restore lost complexion, give vim, buoyancy and robust good health to young and old. To look, feel and always be at your best, use DR. HAMILTON'S PILLS regularly. 25c per box.

Prosperity on a Quarter Section

More Real Living Out of Life on the Smaller Farm

Can a man farm and make money on 160 acres of non-irrigated land in Western Canada? D. E. Baldwin, of Kingsland, answers "Yes," and he is speaking from experience. Before coming to Saskatchewan in 1906, and taking up his homestead in the Kingsland district, tributary to the thriving city of Saskatoon, he had pioneered in four states in the Union, his parents moving from Ohio, where he was born, to Iowa, where he was a small child. Later he homesteaded in Nebraska, near David City, and was a pioneer settler in the state of Kansas, where he lived sixteen years, and Oklahoma, where he homesteaded in 1895. After about ten years in Oklahoma, he came to the Canadian West and began again on a homestead in 1906.

Here he has prospered, though he has never farmed more than 160 acres of land; and he has constantly refused to follow the advice of his neighbors to increase the size of his farm. He believes he can get more real living out of life on the smaller farm. His policy is "always to run his business, and not let it run him." He is finding the operation of what in Western Canada is considered a small farm, both a pleasure and a profit to him. Probably his previous pioneering experience helped him to form this opinion.

Now he farms a quarter section and makes more money out of it than many a farmer with three or four times as large an acreage, he told a representative of the Northwest Farmer, of Winnipeg, recently.

"I never went into grain farming, but made my money out of cattle, hogs, horses, and potatoes. I follow the rotation of barley, wheat and oats without any summerfallow whatever. I fall plow for all my grain crops and plow it again in the spring, which, in addition to plenty of manure, has made the summerfallow absolutely unnecessary for me to practice. Instead of sowing rye on a separate piece of land, I intend to henceforth sow it with the oat crop when the

oats are two inches high. This, I understand, has been tried in Manitoba and has proven very successful in certain parts. All the grain is used for stock purposes, and it is from that source that my revenue must be made to come."

"The summer feed for my sixteen head of cattle is sixty acres of pasture, and in the fall they run on the stubble and on winter rye, which is usually sown about the first of August. During the winter they run out in the day time and are stabled at night, feeding on straw, hay, sheep oats, and usually a few turnips. In the spring, winter rye offers early pasture, which they use until May 1, at which time they are taken off and the rye allowed to ripen to be cut for a crop.

"My hog proposition is operated on a ten-acre hog lot, surrounded by woven wire 26 inches high, above which are three barbed wires. I usually plan on raising two litters a year, one litter coming in April, and one in September, and find that ten acres of hog pasture for five Duroc sows and their litters is sufficient to make a great reduction in the cost of rearing hogs; in fact, furnishing all the pasture they want to eat. The pasture consists of brome grass, a little alfalfa, oats and wheat mixed, and rape. I have tried barley, but find it kills out much easier than oats and wheat. The brome grass is good in the early spring and late fall. The rape is usually sown in April, and along with the grain pasture furnishes good summer feed. The hog proposition is a very simple one. They get out and barley chop with more barley than oats towards fattening time, and they run in this hog pasture, having access to whichever pasture they prefer, there being no cross fences. The housing is simple and cheap, but has proven better than any elaborate hog house I could put up. It consists of eight posts put in the ground to form a rectangle eight by eight feet with a frame arranged over the top and straw threshed over the entire framework. A pig run three feet wide extends out a considerable distance from this pen, over which straw is also placed. This shelter will winter from 30 to 60 hogs. A short distance away I have a hog feeding house, twelve feet by twelve feet, in which the hogs are fed in winter."

He has a good income from potatoes. With this crop he has always been successful in obtaining large yields. He plants six acres to potatoes every season, and he has always had a crop of from 300 to 525 bushels to the acre. For all of his surplus he has found a ready market at never less than 60 cents a bushel, while he has received as high as \$2.50 a bushel.

His 160 acres are divided into 60 acres of pasture, ten acres of a pig lot, five acres for house, barn and hedges, and 85 acres in crops, consisting of 35 acres of oats, 2 acres of barley, nine acres of rye, and six acres of potatoes. Surrounding his buildings is quite an extensive hedge consisting of 20 rows of trees. The varieties are fox elders, ash, cottonwood, willow, caragana, and evergreens, planted four feet each way. With the exception of the evergreens,

Ladies Perfume Your Skin With Cuticura Takum

Antiseptic, prophylactic, deodorizing, fragrant and refreshing. Cuticura Takum is an ideal face, skin, baby and dusting powder. Convenient and economical, takes the place of other perfumes for the person. A few grains sufficient. One of the indispensable Cuticura Toilet Trio for keeping the skin pure and sweet. Cuticura Soap 25c, Ointment 25c and 50c, Takum 25c. Sold everywhere. For sample, each free address: Cuticura, Dept. R, Boston, U. S. A.

they are now from eight to 24 feet in height, forming a fine protection which the owner would not part with for a great deal of money.

It is not difficult to figure that Mr. Baldwin is deriving a very satisfactory income from his 160-acre farm. Since the day that he arrived in Saskatchewan, practically penniless, in 1906, he has broken the whole of his land, fenced his farm, built a \$4,000 house and a substantial barn, and has acquired a fine herd of cattle, besides horses, hogs, and poultry, and is considered among his neighbors as a prosperous farmer.

The Land Of Opportunity

Saskatchewan Is the Greatest Wheat Producing Province of the Dominion

"The Province of Saskatchewan—Its Development and Opportunities" is the inviting title of a comprehensive report that has been issued by the department of the interior through its natural resources intelligence branch, Ottawa.

The object of the department in the publication of this latest addition to its numerous maps and reports is to familiarize prospective settlers, investors and capitalists with the agricultural, mineral, forest and water power resources of the province. The information has been compiled from numerous authentic sources and supplemented by interesting facts and figures with respect to transportation, education facilities, climate, soil, etc.

Embracing as it does the heart of the prairie and a large share of its choicest lands, Saskatchewan has developed within a comparatively short period into the greatest wheat producing province of this Dominion. The march of progress is still in full swing, and the opportunity to share in the great growth that should be witnessed in the near future, is open to all who may desire to cast in their lot with the people of a province which is greater in area than any country in Europe, with one exception.

Britain Exporting Live Stock

August was a record month for British live stock exporting. Over a million dollars poured into the pockets of British breeders of pedigree stock. Since New Year's Day about \$400,000 have been paid Britishers for their horses, cattle, sheep and pigs. In August, 518 horses were sent out of the country. Holland was a buyer of 102 head worth \$580 each. Belgium took 98 head worth \$1,350 each. During the month 916 cattle were sent away, the United States taking 31. Canada bought 41, Uruguay 30, and the Argentine 59. The total number of sheep exported was 1,819 head, of which the United States took 480.

Debt Penalized in Siam

People in Siam are cautious about getting into debt. When a debtor is three months in arrears he can be seized by the creditor and compelled to work out his indebtedness. Should a debtor run away, his father, his wife or his children may be held in slavery until the debt is cancelled.

Look out for dark days when the weather man predicts light rains.

Demountable Ships

British Capital Engaged in Manufacture From Douglas Fir

Announcement was made at Seattle that the Hatcher Lumber company, a New York concern controlled by British capital, this winter will ship 50,000,000 feet of Douglas fir from Seattle to points in the British Empire in the form of demountable ships.

About 500,000 feet of timber will be used in the hulls of the ships. When they reach their destinations, these hulls will be dismantled and delivered as lumber. The hulls and cargo of each ship will represent about 50,000,000 feet, it was said. Admiral Robert Peary's famous old exploring ship, the Roosevelt, now owned here, will tow the first of the demountable ships to Australia.

Many a fisherman waits with bated breath.

Minard's Liniment Co., Limited, Gentlemen:—Last winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of La Grippe, and I have frequently proved it to be very effective in cases of inflammation.

Yours,
W. A. HUTCHINSON.

The season for lemons never ends.

Complete in itself, Mother Graves' Worm Exterminator does not require the assistance of any other medicine to make it effective. It does not fail to do its work.

Some men just can't foot a bill without kicking.

KNOCKS OUT PAIN THE FIRST ROUND

Comforting relief from pain makes Sloan's the World's Liniment

This famous reliever of rheumatic aches, soreness, stiffness, painful sprains, neuralgic pains, and most other external twinges that humanity suffers from, enjoys its great sales because it practically never fails to bring speedy, comforting relief. Always ready for use, it takes little time to penetrate without rubbing and produces results. Clean, refreshing. At all drug stores. 35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

Corns are proof that nature is capable of small, mean things.

It's easy to find fault where it isn't.

EDDY'S "SILENT FIVES"

are the Finest Matches in the World

They are specially treated to make them safe. They won't ignite unless they're "snapped." When they're blown out, they're completely out—no need of getting "Silent Fives," the matches with no after glow—no danger of fire. All Eddy's matches are non-poisonous. Made—and well made—from the choicest and best seasoned pine blocks—Eddy's "Silent Fives" are absolutely match perfection. Ask also for Eddy's Toilet Paper.

The E. B. EDDY CO., Limited, Hull, Can.

ATLANTIC FLIGHT!

Wonderful example of the value of OXO.

Captain Sir J. ALCOCK writes:—
"You will be interested to learn that OXO was a great help to us during our Trans-Atlantic Flight. It sustained us wonderfully during our 16 hours journey."
"We had found out what a good thing it is when flying in France, and so decided to carry it with us on this occasion, and we can assure you that had OXO been most acceptable under such cold and arduous conditions. OXO was the only article of its kind which we carried."

J. ALCOCK, C.B., D.S.C.
OXO CUBES

Vitality of Snails

Snails have remarkable vitality. A naturalist once revived some specimens after they had apparently been dead for fifteen years, and one that had been glued to a card in a museum returned to life after being immersed in warm water.

Miller's Worm Powders not only exterminate intestinal and other worms, but they are a remedy for many other ailments of children. They strengthen the young stomach against biliousness and are tonic in their effects where the child suffers from loss of appetite. In feverish conditions they will be found useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

Only a sober man should attempt to walk a tight rope.

Minard's Liniment Cures Garget in Cows.

Men, like tools, are useless, when they lose their temper.

Keeping Fit

BY DR. SAMUEL HAMILTON.

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or, what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anurio" (anti-uric-acid). This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anurio (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial packages of "Anurio."

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monoclonaldehyde of Salicylic Acid. While it is well known that Aspirin means Bayer Manufacturing, to enable the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

U. S. Government Gathering in Reds

Centralia. Cities of western Washington joined Centralia in arresting members of the Industrial Workers of the World and raiding their headquarters, following the firing on an Armistice Day parade here. Four former United States soldiers are dead and a fifth is reported dying as a result of the shooting, and one alleged I.W.W. has been lynched.

Twenty-two men and one woman, reported to have radical beliefs, were placed in jail here, and later four of the prisoners, including the woman, were removed to the Lewis county jail at Chehalis by national guardsmen, who patrolled Centralia. Raids were conducted at Seattle, Tacoma and Aberdeen in the I.W.W. headquarters.

In Seattle, fourteen men and tons of literature, according to the police, were taken to police headquarters. The Tacoma police arrested thirty-four members of the I.W.W. and seized a quantity of radical literature.

At Aberdeen, large quantities of literature and the records of the Aberdeen local of the organization were taken.

Lost at Sea

Two of the Crew of H.M.S. Renown Swept Overboard

New York.—William Franklin and John Light, able-bodied seamen of the crew of the British battle cruiser Renown, plowing through a gale, was coming here from Trinidad to take the Prince of Wales home.

Midshipman Richard Knight was taken from the big battle cruiser to the Presbyterian hospital with both legs broken as the result of tempestuous weather.

Shortly after running into the gale, Midshipman Knight, with a crew of four, hastened to make fast some of the movable gear of the ship. While they were working, a heavy sea swept over the bows and jammed them against the breakwater, fracturing the midshipman's legs and carrying Light overboard. A lifeboat was lowered, manned by a crew of fourteen. As this boat reached the water it was capsized by another huge wave and its occupants were thrown into the sea. General quarters were sounded and a portside lifeboat was lowered. All of the crew of the first lifeboat except Franklin were rescued.

Referendum Probable

In Manitoba

Liquor Action Will Not Be Taken Up at Same Time as Elections

Winnipeg.—As soon as peace is officially signed, the importation of liquor into Manitoba will be legal, J. N. MacLean, administrator of the Manitoba Temperance Act, announced.

He stated he found a clause in the Act which can be invoked to prevent export of liquor from this province. With regard to the attitude of the provincial government, Hon. Mr. Brown stated that it is their desire to have the people express their wishes in regard to referendum, but it is unlikely that such referendum would be submitted at the time of the elections next summer as the issue might becloud party platforms.

Starts Flight to Australia

London.—Captain Ross, a British aviator, has left the Hounslo aviation field in an attempt to fly to Australia. Captain Smith has made several long flights. In 1918 he flew from Cairo, Egypt, to Baghdad, Asia, Turkey, and later from Cairo to Karachi, British India.

Your Eyes

Cabinet and Irish Question

British Government Is Much Embarrassed by Publication of Plan for Settlement

London.—The cabinet is about to take up consideration of the proposals of the cabinet committee on the subject of Ireland.

It was learned from authoritative sources that the government is much embarrassed by the publication of what is purported to be the government plan for the settlement of the Irish problem. The Associated Press is officially informed that all stories hitherto printed are necessarily speculation and incorrect, because the government has not yet formulated its proposals and cannot until the committee's report is considered.

"SYRUP OF FIGS"

CHILD'S LAXATIVE

Look at tongue! Remove poison from little stomach, liver and bowels

—Accept "California" Syrup of Figs only for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Austria Granted Credit Copenhagen.—The entente has granted a credit of \$60,000,000 to Austria, according to the Vienna Tagblatt. This will be utilized principally for the purchase of raw materials.

RASCALS

Biliousness, Headache, Colds, Constipation, driven out with "Cascarets"

Why take nasty cathartics, sickening salts, or stomach-turning oils to drive these rascals out? Let gentle, harmless Cascarets remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your skin sallow, your breath offensive, and your stomach sour. Get a box of Cascarets at the drug store and rid your liver, stomach and bowels of the excess bile, poisons, and waste which are keeping you miserable. Cascarets never gripe, never sicken, never inconvenience. They cost so little and work while you sleep.

Sinn Fein M.P.'s in Court

Members of British House Sentenced to Two Months' Imprisonment

Dublin.—The Sinn Fein members of the British House of Commons who were arrested in the raids on the offices of the Sinn Fein parliament were arraigned in the police court on the charge of participating in forbidden proceedings. They refused to recognize the court, and each was sentenced to two months' imprisonment.

Among those arrested were: John Mahoney, John Hayes, and Frank Lawless.

War Board On The Car Shortage

Railway War Board Issues Statement Dealing With Handling of Coal and Feed

Winnipeg.—Owing to unusual conditions through the West prevailing, the western branch of the Railway War Board issued this statement:

"The demands made upon the railways equipment and facilities in Western Canada during the past two or three weeks have rarely been exceeded. This is due to a variety of causes. In the first place, owing to the three months' strike in the Western Canadian mines, many trains in the prairie provinces were caught by the early coming in of winter, practically without any coal whatever, and the sudden severe weather which has extended all over the West has created an unprecedented demand for coal. The tonnage of western coal being handled to Manitoba and Saskatchewan is tremendously greater than has been handled in previous years, and this means a heavy coal movement in the same direction with grain and stock, and the handling of thousands of empty cars west of the mines. This coal to a large extent formerly came in the grain empties returning from the lake head, but the shortage of American anthracite this year and the greater favor in which western coal is now held for domestic purposes has caused an enormous increase in the movement from the western mines, and has placed upon the railways a correspondingly increased burden.

"The dry season in Southern Alberta and Southern Saskatchewan, resulting, as it has, in large sections of stock-raising territory being denuded of feed, has caused an extraordinary heavy movement of stock from these sections to the markets, as well as a large movement from these sections to portions of northern Alberta and Saskatchewan where feed is plentiful, or can be produced, and the railways are also being called upon to handle thousands of cars of feed into the drought areas, which are not handled in ordinary years. The heavy snowfalls made it necessary that this stock be moved out and feed handled at once, to prevent suffering, and the railways are exerting every effort to accomplish this.

"The severe weather, resulting as it has in stoppage of fall-plowing and other farm work, has been followed by heavy increases in grain marketing, and this, together with the demand for increased exportation of wheat, has added to the burdens of the railways.

"A very acute shortage of cars in the United States has made it exceedingly difficult to secure return of Canadian cars going into the States loaded, and this has been particularly the case in connection with stock cars. In order to expedite the stock movement, the railways have been forced to furnish box cars for local stock movement, on the basis of two box cars to handle the number of animals ordinarily handled in one stock car, which has depleted the supply of box cars for other purposes.

"In addition to all this the severe weather and heavy snowstorms have necessarily slowed up the movement of traffic to some extent and has interfered with the distribution of empties through the necessity for using engines to operate snowplows instead of hauling trains of empties.

"Preference in car supply and movement is being given to fuel, feed and stock, and every possible effort is being put forth by the railways to relieve the situation as speedily as possible. It is right, however, that the public should be informed as to the conditions under which the railways are operating."

Miners Will Now Accept Court Ruling

Quebec's Premier

May Resign

Sir Lomer Gouin Is Leaving for Europe After Session, and May Retire First

Quebec.—With the announcement by the Quebec government that the next session of the government will open on December 10 came the renewal of rumors that Sir Lomer Gouin had announced his resignation. It is generally contended here, even by the Liberals, that Sir Lomer Gouin will shortly retire from leadership in the province of Quebec, but whether or not he told his cabinet when he would withdraw was not divulged by any of the members.

When spoken to by newspapermen and asked directly if there was any truth in the story of his resignation, the premier is said to have replied: "No, the session has been called."

It is known that Sir Lomer is leaving for Europe after the session, and he may resign before he leaves. Rumors also announce that he would be succeeded by Hon. J. E. Caron, minister of finance.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

Premier Drury Has Announced His Government

W. F. Nickle, K.C., Has Been Offered the Portfolio of Attorney-General

Toronto.—Premier Drury announced that E. H. Grant, member-elect for Carleton, had accepted the portfolio of education in the Ontario cabinet now being formed. Mr. Drury also stated that he had wired W. F. Nickle, K.C., of Kingston, offering him the portfolio of attorney-general. The Farmers' Sun, which is regarded as the official mouthpiece of the premier, gives the following list of the new cabinet:

Premier, E. G. Drury; minister of agriculture, Manning Doherty; education, R. H. Grant; lands and forests, Benish Downman; public works, F. C. Biggs; labor and health, W. R. Rollo; mines, H. Mills; provincial secretary, C. Nixon; provincial treasurer, Peter Smith; attorney-general, W. F. Nickle.

Without portfolio, Lieut.-Col. D. Carmichael, D.S.O.

Rumania's Reply Unsatisfactory Paris.—The reply of Rumania to the allied note recently presented, in which it was again demanded that Hungary be evacuated, is regarded in peace conference circles as wholly unsatisfactory. The note, which was taken up for consideration by the supreme council, was characterized as extremely evasive.

Manitoba Good Roads

Winnipeg.—During the past week applications from eight Manitoba municipalities for road work under the Good Roads Act have been approved, to the amount of more than \$1,000,000.

Indianapolis.—The United Mine Workers of America, contrary to previous announcement, has decided to withhold the appeal to the ruling of the federal court in injunction proceedings, which resulted in the calling off of the strike of miners.

It had been generally believed that, regardless of developments in the situation, the miners would fight their case in the courts to the last ditch, and attorneys for the coal workers announced that their appeal would be filed within two or three days. However, Henry Warrum, chief counsel for the Mine Workers' organization, stated that the outcome of the conference of the miners' representatives and coal operators with Secretary of Labor Wilson, in Washington, would determine to a large extent whether the case is carried further. The miners' council has thirty days in which to file the appeal.

The decision of the miners is taken to indicate that they have accepted the government's assurance that the suit against the miners was not an attack against the right to strike, but was solely to prevent violation of the law; in this case, the Lever Act.

Possibility of speedy agreement at the Washington conference, according to opinion here, is marred only by the question of when a new wage scale will become effective. Miners' spokesmen have stated that if the operators go to the conference in a spirit of conciliation, agreement was only a question of hours, but it is known that the union men object to the position taken by the operators that the wage scale in effect before the strike still is in effect.

Miners' officials declined to comment on the way in which members of the organization are responding to the order calling off the strike, and would give no reports from the district headquarters. Very few of the miners in the Indiana coal fields reported for work, and it is not believed that operation in the fields can be started extensively before next week.

Hamilton.—Daisy Bowbank, six years of age, was fatally burned while her mother was away from the house for a few moments to talk to a neighbor. The child got possession of a lighted candle, which set her night-gown on fire.

"I Cannot Go"

BILIOUS headache spoils many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, backache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.

One pill a dose, 25 cts. a box, all dealers, or Edman, Bates & Co., Ltd., Toronto.

How Dry I Am!

Tommy Watson advises us
that there is no truth in the
statement that he has cornered
the available supply of lemon
extract.

As a singer, I take off my hat
to you, Mr. Editor. Judging by
your vocal efforts on Armistice
Day, you have Cruso, or what-
ever his name is, backed off the
map. But why, oh why, is it
necessary to drink a quart of
Jockey Club before you start—
Does it add sweetness to the
tone?

Mr. Dooley of Calgary, wishes
to thank Messrs Deadmarsh and
Warner for donations received
on the 11th, for Mr. K. Pool.

This isn't a tale or

a tail, it is an illu-
stration of the cue

Jack Deadmarsh
swears he was
using when he
played Pool on

Armistice day.

Judging by his
shots, we are
inclined to
believe
him

You can lead a horse to water
but you cannot make him drink
But Butch, the wise old coddler,
wouldn't even be lead.

Apropos of Armistice Day,
many thanks for the Grape
cider.

The sheep that Mrs. Dead-
marsh nearly kicked a couple
of weeks ago, is now defunct.
We understand there will be no
action taken.

Clarence Purdy smelt of a
cork that had been in commun-
ication with a bottle, and
promptly "went into the stor-
to shelter from the rain" on
Armistice Day, although it
wasn't raining.

Tom Ulph denies the allega-
tion that he slept all night in
Hayes Coal bin with Topsy the
Dog. He says he was looking
for "Annie Laurie" who got lost
on Armistice Day.

Judging by the interest
shown by some of our young
ladies, already, Chautauquin
should take well here next
season.

Wonder why Miss Martin
found it necessary to hold
Tommy Watsons hand for
about half an hour on the 11th.
Surely it didn't take that long
to put on a bandage.

Doc. Larder, having fully
recovered, says he passed the 11
at 60 miles an hour.

The Editor sat in his sanctum
chair
Grinding his teeth and pulling
his hair,
And over his face a vacant
stare

And the hours went slipping by.

The time flew by and the
night came on,
The air grew heavy and cold,
BY GUM said the Ed. as he
went to his bed,
How in Lean I fill this hole.

Rotten. But we had to fill
this space somehow.

for the nails.

KENNEDY DRUG COMPANY

A New Hull-less Oat

The introduction of a good,
new variety of hullless oats by
the Experimental Farms Branch
has not perhaps attracted as
much attention as it should.
Free samples of this variety are
now being distributed by the
Dominion Cerealists at Ottawa.
The stock on hand is not large
but as long as it lasts samples
will be gladly sent to farmers
in this district. The full name
of the variety is Liberty. Ott-
awa 480. It is derived from a
cross made in 1903 between the
well known variety, Swedish
Swedish, and a hullless oat from
China. Threshing out free. All
this type of oat furnishes a con-
centrated product of extremely
high value which has only to be
ground in order to make most
excellent feed especially for
young pigs and chickens. When
carefully enough cleaned for
use as human food, it makes
ment of surprisingly fine quality.
The Liberty oat has very good
field characters, being rather
early in ripening and having
reasonably stiff straw. The
yield (so far as kernel is con-
cerned) is equal to about seven-
eighths of that of Banner oats.
Farmers who are interested in
the raising of hogs and chickens
are strongly advised to give
this new oat a trial. It has al-
ready proven extremely satis-
factory in some districts.

**BETTER HORSES IF THEY HAVE
SPOHN'S DISTEMPER COMPOUND**
When your horses are subjected to changing weather conditions of winter and spring, their systems become run down, with the result that they are very susceptible to DISTEMPER, INFLUENZA, PINK EYE, COUGHS and COLIC. SPOHN'S will keep your horse in good condition, so his system can ward off disease.
Buy of your druggist.
SPOHN MEDICAL COMPANY, MFRS., Goshen, Indiana, U.S.A.

Manitoba Fruit

Three hundred barrels of apples have been sold from a Manitoba orchard this year.

It is officially announced that one million pounds of honey will be produced in the province this season. This estimate is the result of a careful and conservative survey of the honey industry, and exceeds previous year's production by over one hundred thousand pounds.

TONIC TREATMENT FOR THE NERVES

Neuralgia and Other Severe Nervous Disorders Cured Through the Blood

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such disease. Dr. Williams' Pink Pills are a tonic that acts on the nerves through the blood, which carries to the nerves the elements needed to build them up and restore them to a normal condition.

Neuralgia, sciatica, nervous headaches and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely cured in this way. If you are nervous you can help yourself by refusing to worry, by taking proper rest and sleep, by avoiding excesses and by taking out-door exercise. For medicine take Dr. Williams' Pink Pills and you will soon notice the beneficial effect of this tonic on every part of the system. Miss Annie L. Johnston, R.R. No. 1, Listowel, Ont., is one of the numerous sufferers from nervous troubles who has found a cure through Dr. Williams' Pink Pills. Miss Johnston says: "For a long time I was a severe sufferer from nervous troubles, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect, until finally a friend advised me to try Dr. Williams' Pink Pills. I began their use and took the pills regularly for several months, with the result that I not only gained weight, but have recovered my full health and strength. I cannot praise Dr. Williams' Pink Pills too highly for what they have done for me."

Let Bygones be Bygones
"By the way, George, what shall we give Mabel for a wedding present? She gave us that plush upholstered chair in the attic, you know."
"I don't think we'd better send her anything, dear, why not let bygones be bygones?"

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.
Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful, glints, tints and color are again in your hair.
"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

The political party worker is the one who is the most successful in working the party.

Minard's Lintment Cures Diphtheria.

Telegraph Service Resumed
The general telegraphic intercourse between Germany and France, inclusive of Algeria and Tunis, has been reopened. Provisionally, only commercial wires in intelligible German, English, French, Italian and Japanese are passed.

The censorship on telegrams in Germany has been raised. Press telegrams between Germany and Great Britain are again allowed, and code telegrams from Germany to Holland are permitted if reliable information on their contents is given if desired.

A scientist says that cholera germs look like a comma. Possibly, but when they get into a man's system they are apt to put the final period to his existence.

A Money - Saving Bottle

A Bottle of Bovril in the kitchen will cut down butcher's bills. It enormously increases the nourishing value of food—in fact, its body-building powers have been proved ten to twenty times the amount taken. It must be Bovril.

Sir Rosslyn Wemyss Honored
A Barony of the United Kingdom has been conferred upon Admiral Sir Rosslyn Wemyss, G.C.B., who has relinquished the post of First Sea Lord to Earl Beatty.

Like a Tidal Wave Heart Disease and Nerve Troubles Sweep the Country

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life, constitute a serious drain on the nervous system. The business of this work-a-day world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system, Milburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Ave., Ottawa, Ont., writes: "After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Milburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes cured me completely. I am feeling fine now, and can attend to my work every day. I can recommend your pills to anyone suffering as I did."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Deaf people should enjoy better health than others, as they do not catch everything going.

How's This?

The mosquito isn't a prohibitionist, yet he wants the bars removed.

Awful Asthma Attacks.—Is there a member of your family who is in the power of this distressing trouble? No service you can render him will equal the bringing to his attention of Dr. J. D. Kellogg's Asthma Remedy. This remarkable remedy rests its reputation upon what it has done for others. It has a truly wonderful record, covering years and years of success in almost every part of this continent, and even beyond the seas.

A long yarn is sometimes produced from the threads of conversation.

CORNS ARE LIKE KNOTS

Year by year they grow harder, and incidentally more painful. Why suffer when you can be cured for 25c spent on Putnam's Corn Extractor? Fifty years in use and guaranteed to cure. Use Putnam's Extractor, 25c at all dealers.

"Now remember, I'm sending you out to sell a portable garage."
"That's what."
"And in talking this portable garage?"
"Yes!"
"Always pronounce garage the way the prospective customer pronounces it."—Kansas City Journal.

A Scottish minister had been away on a vacation, and on his return asked the sexton how all had gone in his absence. "Very well, indeed!" was the cheering response. "They do say that maist ministers leave someone worse than themselves to fill the pulpit when they go away, but you never do that, sir!"

Wood's Phosphorine
